The Workshop fee is \$150 per person, which must be paid by May 15, 2008. This is payable to Dr. Glenn Cope.

The NOC tuition is separate from this Workshop fee.

The Workshop fee includes fees for access to the parks, picnic lunches when we are on location, nonalcoholic refreshments, travel during the day to and from the locations. The Workshop fee does not include travel getting to the Workshop location (Moab, UT) or return to your home location. It does not include motel or camping, meals (except mentioned above), any extra excursions, or gratuities.

I understand that access to the parks and other areas is based upon weather conditions. I agree to vacate areas if requested to do so. The “Workshop” will make arrangements to alter plans or photograph other areas in the event that access is denied for any reason.
